STEVE GASKIN

Looking for an exceptional event speaker? Beginning his career in the Metropolitan Police Service, he quickly proved his abilities, working on high-profile cases such as the Hyde Park Bombings and the attempted assassination of the Israeli Ambassador. With over 25 years of experience as a senior detective, Steve specialised in serious criminal investigations such as murder and terrorist activities, and later helped formulate the current money laundering laws working with the Home Office. Now an immersive events professional and an experienced speaker, Steve offers completely unique experiences talks and seminars with a wealth of knowledge and expertise.

Elise

This experience absolutely exceeded my expectations! Steve is a great storyteller and made it feel as though the whole group was in the same room. The setup was painless and the layout was easy to navigate. You can tell that Steve has put a lot of thought and care into this and has fun doing it! 10/10 would recommend and do again and again!

Rachel

Steve is very prepared, professional, and easy to work with! Our group had a great time.

Fabulous After Dinner Speaker

Steve Gaskin delivered his talk on the subject of Serial Killers at our Hotel's event on 5th May. We were all very excited and he didn't disappoint. The talk was engaging and Steve was exceptionally knowledgeable and insightful. Most importantly, We have received great feedback from the evening and are already very much looking forward to inviting him back next year for the sequel!.

Katina

What a terrific experience! Highly, highly recommended. To quote one of our students...it was so much fun, the learning snuck up on us!!

Derek

Hands down on the funnest experiences I'm done. Steve explains things incredibly clear and gives you a great breadth of knowledge without going too detailed into any individual part. He does a great job of making it fun but also extremely informative. The pacing and structure of the event is fantastic and Steve is super friendly. I will be most definitely keeping Steve in mind for our next event!
